The Campbellton Regional Community discloses its 2024 budget

CAMPBELLTON, N.B. – The Campbellton Regional Community has eight different property tax rates for its residents. At the end of the four-year transition period, there will be three levels of property taxes in the municipality: one rate for the urban area (former Campbellton), one rate for the municipal area (former Atholville and Tide Head) and one rate for the rural area (former Val D'Amours, Saint-Arthur, Glencoe, McLeods and a portion of the Dalhousie LSD).

The projected rates will be as follows:

- Urban rate = $1.70 to $1.80 per $100 of assessment.
- Municipal rate = $1.55 to $1.70 per $100 of assessment.
- Rural rate = $1.45 to $1.55 per $100 of assessment.

For the year 2024, municipal and rural taxpayers will see their property tax increase by five cents per $100 of assessment. This represents an annual increase of $50 for a single-family home assessed at $100,000, or just over $4.16 per month of adjustment. The urban sector (Campbellton) will remain at the same rate as 2023.

Ward	2023 Property Tax	2024 Property Tax
Campbellton	$1.8413	1.8413
Atholville	$1.5694	$1.6194
Val D'Amours	$1.3128	$1.3628
Saint-Arthur	$1.4375	$1.4875
Tide Head	$1.5703	$1.6203
McLeods (DSL)	$1.2781 *includes $0.4115 to the Province for road services	$1.3281
Glencoe (DSL)	$1.4063 *includes $0.4115 to the Province for road services	$1.4563
Dalhousie (DSL)	$1.1196 *includes $0.4115 to the Province for road services	$1.1696

This increase in property taxes is largely due to the increase in the inflation rate of more than 3% which has a significant impact on the municipality's expenses, as well as the sharing of costs of common services such as recreational services, governance, administration, etc.

"It is important that we continue to focus on a sustainable service delivery model for the citizens of the Campbellton Regional Community," said Mayor Jean-Guy Levesque. "We must continue to conduct in-depth financial and service analyses. Several budget items have been reduced, or even eliminated, in order to balance this budget. We must also continue to focus on economic development and implement an innovative growth plan to generate more wealth. The future is bright for this new municipality. To realize our dreams of a proud, welcoming and vibrant city, we owe it to ourselves as Council to continue working together. The Campbellton Regional Community is a large, wonderful family. We have great opportunities ahead of us, which my Council and I will approach with energy and determination."

The Campbellton Regional Community consists of the former municipalities of Atholville, Campbellton and Tide Head as well as the local service districts of McLeods and Glencoe, and a portion of the local service district of Dalhousie. The total expenditure budget is over $24 million.

The municipality of 12,000 residents has a tax base of $1.18 billion, which represents a large share of the wealth in Restigouche.
